

TABLES TO OPPORTUNITIES SPONSORSHIP

Tables to Opportunities (T2O) is a program of the United States Hispanic Chamber of Commerce (USHCC) Foundation that is dedicated to empowering the next generation of Hispanic business leaders and entrepreneurs.

Tailored for BizVenture student participants, T2O is a networking session that connects the business leaders of today and tomorrow to provide our next generation of entrepreneurs with mentorship and career support. The USHCCF accomplishes this by facilitating multiple conversations between T2O mentors and BizVenture students where mentors deliver advice in a small group setting.

This networking session presents an opportunity for mentors to give back to their community and share their insight with BizVenture participants.
